At all activities during TOP Week, an Information Point will be available where a TOP organization member can answer your questions. There will also be first aid stations.

TOP Headquarters (HQ)

The central meeting point is Koepelhal (Sporzone). Visit HQ for any questions, or to pick up your wristband and TOP Bag if you miss Monday's registration. The last chance to get your wristband is Wednesday before the TOP Cantus. In emergencies, contact the HQ telephone number 24/7 at + 31 6 42 09 21 70. For opening hours and the address, see page 32

TOP wristbands

On Monday, August 19, you'll receive your wristband, which gives you access to all activities and serves as your e-wallet so wear it all week. If it breaks, bring the broken band and your ID to HQ for a free replacement. Lost wristbands cost € 40 to replace. Any wristbands confiscated by the TOP Organization cannot be replaced.

Exchange students and mentors

Registration for exchange students and mentors is on August 15 and 16. Details will be e-mailed.

Alcohol policy

TOP offers a fun program that's enjoyable even without alcohol. Moreover, TOP has to comply with the following legal rules under Dutch Law.

- It is forbidden to sell or serve alcohol to people younger than 18.
- People under the age of 18 are prohibited from possessing or drinking alcohol in public places (streets, pubs, train stations, parks).
- The law does not differentiate between beverages with different percentages of alcohol.

Measures taken by TOP

- **Age wristbands:** Participants get a wristband based on their age: pink for under 18 and blue for 18 and over. Keep your wristband on throughout TOP Week to be served at bars.
- **Age checks:** There will be age wristband checks at all TOP activities, bars, and student associations. The TOP organization and security and bar personnel are allowed to ask you for identification to verify your age.
- **Supervision:** The organization and security and bar personnel will monitor age wristbands during the entire week.
- **Consequences:** Under-18 participants caught drinking alcohol risk losing their TOP wristband and being banned from all activities.

Drugs policy

According to the Dutch Opium Act, it is legal to use and carry a certain amount of soft drugs. However, TOP does not tolerate the use of any drugs during TOP Week. Participants are prohibited from attending activities under the influence of drugs, possessing drugs, or engaging in drug sales during any event. Entry may be refused if there is suspicion of drug use, and violators risk losing their TOP wristband. Security personnel are authorized to conduct searches if suspicions arise. Those found in possession of significant quantities of drugs or suspected of dealing will be handed over to the police.

Smoking policy

Please be aware that both the Tilburg University campus and the Tilburg University Sports Center enforce a strict non-smoking policy. Smoking, including the use of e-cigarettes, is prohibited on campus grounds and in and around the Sports Center.

WhatsApp group

You as TOP mentors will form a WhatsApp group approximately one week before TOP Week begins. Use this group to make clear agreements about sleeping accommodation and to already get to know each other. Certain activities like the Sports Classes and the Tripple Thrill: Cooke, Create, Compete require registration through the TOP Week App. Once your group has been established, you can discuss and decide together which time slots or activities to participate in.

Food

You as mentors will collect meals for your mentor group. Make sure you're at the right location. You can collect the food with your wristband.

Please note: drinks are not included during lunch and dinner!

In the table below, you can find the locations where lunches and suppers will be distributed:

Study Program Introduction

Your Study Program Introduction (SPI) might take place during TOP Week. The SPI provides details about studying and your program's curriculum. Organized by the various Schools of Tilburg University, the SPI is separate from TOP Week. All SPIs on Monday, August 19, happen after TOP Registration. You'll get more details from your School. Please note that the SPI is not part of TOP Week. If you have any questions, please refer to [this website](#).

Guidelines and tips

Make all new students feel welcome in Tilburg and at Tilburg University, international as well as Dutch students, and introverted as well as extraverted students. If you adopt a friendly and inviting attitude and take the different personalities and cultures in your group into account, you can make everyone feel included. As a mentor, it is your job to guide and help the new students adjust to the way of living in Tilburg. Remember that not every person likes to party or drink a lot. Respect every lifestyle and make sure everyone feels at home in Tilburg.

Follow the program of TOP Week and be on time. Do not forget that participants paid for TOP Week. TOP organizes this week for these new students, and it is your job as a mentor to make sure they can join every TOP activity.

Make sure you know the program and inform your group members. Tell your group members what is on the program, what (not) to bring, and what to expect. For example: the TOP Week Cantus is completely new for these students. Make sure you explain the concept and tell them not to wear their best clothes.

Please be open-minded and show new students as much as possible. Make sure that you do not only show the new students what you like but be open-minded and show the students as much of student life and Tilburg as possible. Please make sure you listen to the needs of ALL students in your group.

Make clear agreements with your co-mentor and take responsibility. As a mentor, you are responsible for your group of kids that week, so make sure you take that responsibility seriously. Make clear agreements with your co-mentor about how you will act in certain (problematic) situations. For example: what do you do if someone has drunk too much?

Be enthusiastic and well-prepared and stay positive! You and your co-mentor set the mood. Make sure you have a good icebreaker at the start of the week for the students to get to know each other. In this way, you will create a good team spirit and a more connected group.

Reach out to your group by sharing your background and experiences. Encourage an active dialogue by asking open-ended questions and try to answer their questions.

TOP
Tilburg Orientation Program

TOP goes green

The TOP Foundation aims to be as sustainable as possible during the introduction week and its preparations. Here's how TOP contributes to a healthy environment.

- We reduce the number of printed pages by not printing program and Cantus booklets or including other printed booklets in the goodie bags.
- Leftover food is donated to Food Bank Broodnodig.
- We encourage students to bike to every event.
- The TOP Goodie bags are printed without a date, allowing leftover bags to be used for future editions.
- The default food option during registration is vegetarian. Participants who want meat must select this option.
- We use a cashless payment system, eliminating the need for tokens.
- There is a recycling system in place for all plastic cups at events to reduce waste.

How can you be more sustainable as a participant

- Bring a reusable water bottle to fill at water points throughout TOP Week.
- Pick up your own garbage and use the bins provided.
- Use your bike to go to every event during TOP Week.

TOP Organization

TOP Week would not have been possible without a large number of dedicated people. The TOP organization, which consists of seven board members and thirteen committee members, has worked really hard these past few months to make TOP Week a great success and we would like to express our gratitude to the hundreds of mentors and TOP Crew who have contributed to TOP Week 2023!

TOP Week is organized by students like you. Would you like to take part in the organization as a board member, a committee member, a mentor, or TOP Crew member? Check out www.top-week.nl/en, come to the TOP room at E202 (Esplanade Building) or send an e-mail to top@uvt.nl.
